[Product Name/Article Number]

Stainless steel, PP, Silicone

[Material Description]

Declaration of conformity with legislation

The product complies with the European Regulation No. 1935/2004 on material and articles used for food contact, European Regulation No. 10/2011 on plastic materials and articles intended to come into contact with food and European Regulation No. 2023/2006 on Good Manufacturing Practice.

Migration tests for specific and overall migration have been conducted under standard testing conditions laid down in European Regulation No. 10/2011. The product has also been tested to comply with the restrictions given in Council of Europe Resolution ResAP (2004)5 on silicones used for food contact applications and Council of Europe Resolution CM/Res(2013)9, the EDQM guideline on Metals and Alloys used in food contact material. All test results were in compliance with the requirements. Additional information can be provided on request.

It is confirmed that the plastics used do not contain dual use additives or substances with specific migration limit value. There is no functional barrier present.
